Subject: FW: SHC's StRAP for FY 19 - 22 -- Draft of July 20
Attachments: Clean Draft SHC StRAP - July 20 .docx; Draft SHC StRAP -- Topics, RAs, Outputs only - July 20.docx; Topics, RAs, outputs as of 7-20-18.xlsx

Good morning,

Attached, please find the first draft of the SHC StRAP for FY19-22. There are 3 attachments to this email: 1) the complete first draft, 2) a document that only contains the topics, research areas, and outputs, and 3) a spreadsheet that I have prepared with my initial assessment for where I think NERL divisions might contribute. Please feel free to share it with others in NERL who I may have missed.

Please do not share this outside of ORD.

At this time, I'd like to request that you give me any feedback on the highlighted areas, below, as requested by the SHC NPD, by this Wednesday. I have a briefing with NERL set up for Thursday August 9th for us to review the StRAP components as we conduct a deeper review over the next several weeks.

Thank you,
Jennifer

Subject: SHC's StRAP for FY 19 - 22 -- Draft of July 20

Attached are 2 files: (1) The first draft of the entire StRAP; and (2) just the 3 topics with RAs and outputs, pulled from the StRAP. The full StRAP is undergoing edits and some parts will likely change before it's due on July 27 to the IOAA. The Topic write-ups are the heart of the StRAP and they can be shared within your respective organizations now, if you so choose. Please do not share either file with those outside of ORD; i.e., the program offices and the regions. Andrew and I will be sharing the topic write-ups with our contacts in the program offices and in the regions next week.

We are requesting feedback so we can submit the first draft next Friday, July 27 to the IOAA of ORD. I suggest you focus on major errors of commission as well as omission rather than the pesky formatting issues that will be corrected with a technical editor. Your feedback is needed by COB this Wednesday, July 25.

Thanks to all of you for your involvement in many different ways (thinking, writing, engagement webinars, checking references, making tables, encouragement, criticisms, etc.). Andrew and I are most appreciative of the Topic writing leads who worked the system to develop problem statements and outputs.

Mike and Andrew
